Ask questions to the words in bold:

- The winds carry the polluted clouds **across long distances**.
- **Acid** rain falls into lakes, streams, rivers and streets.
- We can help reduce the amount of pollution **by using cars less**.
- Sally collects **rubbish** for recycling in the park every Saturday morning.
- We have been planting trees and cleaning ponds **for a week now**.

Correct grammar mistakes if there are any!

- 1) He works in the Green piece for over ten years.
- 2) You have to water the plants. I've done it.
- 3) Zoos play an unimportant role in animal conservation.
- 4) My parents have been donating to WWF last year.
- 5) The government have been trying to reduce pollution for years.

Green movement is a big power in the world. What do the protestors in the photo demand?

And here?

Make *too teams*, choose an environmental problem and find arguments to prove it is more important:

Comment on the following statements. Agree or disagree?

We won't have a society if we destroy the environment.

Margaret Mead

Only when the last river has been poisoned, the last tree has died, the last fish has been caught, we will realize that we cannot eat money.
